K-12 Global Art Exchange

For K-12 Schools

OneWorld Classrooms, a nonprofit based in Massachusetts, USA, welcomes K-12 schools worldwide to participate in our K-12 Global Art Exchange. Participating schools from around the world physically or digitally exchange original student art that reflects their students’ lives and cultures; and may optionally arrange for follow-up VoiceThread or Shared Studios Portal conversations with global partner schools about the art they have shared with each other.

- Digital exchanges are available throughout the school year. Art for physical exchanges is mailed between February and April. Follow-up VoiceThread conversations occur between February and June.
- Registration and more information are online at www.oneworldclassrooms.org. Questions may be addressed to paul@oneworldclassrooms.org or (518) 618-0571.
- Over 53,000 students from 78 countries have participated since 2009. 500,000+ students have seen our art displays in their schools. We hope you will join us, too!
